

# WWI Infographic Planning Sheet

What is the question you are trying to answer?

## Sources of Evidence

You will need three pieces of evidence to support your answer. These can be statistics, maps, or quotes, from the Blue Book or from other resources approved by your teacher. Go to the [Blue Book](#) to look for information. An easy way to save graphics from this online Blue Book is to take a screenshot and then save the file somewhere that you can easily find again.

	Source 1	Source 2	Source 3
<b>What is it?</b> Example: <i>Map of American Forces in September, 1918</i>			
<b>How does it help me answer my question?</b> Example: It shows that by September, the Americans were fighting in a crucial area for the Allies.			

<b>Where can I find it again?</b> Example: Page 355 in the Blue Book, saved the image to my desktop, etc.
